Longer Header Tabs – 刺破式主片结构

We use longer header tabs to increase pressure resistance. Increase the welding area between the header and the tube. This reduces the potential risk of tank leakage.

我们使用刺破式主片来增加抗压性能，提升主片与管子焊接面积，降低水室泄漏风险。

Composite Aluminum Tube – 复合材料铝管

We use composite aluminum tubes for some of our products to improve welding strength and tube compression resistance.

我们对部分产品使用复合材料铝管，提升焊接强度和管子抗压能力。

Thicker Plastic Tank Material – 强化型塑料水箱

We use thicker plastic on our tanks for improved resistance to tank expansion caused by internal pressure spikes in the cooling system.

我们在塑料水室上使用更厚的塑料，以提高水箱在冷却系统内部压力骤增时的抗膨胀性。

Heavier Gauge Aluminum Tubes – 强化铝管

Used on specific models to sustain stronger core pressure caused by vibration and processes of expansion and retraction.

用于特定型号，以承受由振动、膨胀和收缩所引起的芯体压力。

Double Hemmed Fin Design – 双折边翅片设计

Fin edges are folded for increased stability and preserving heat disbursement properties.

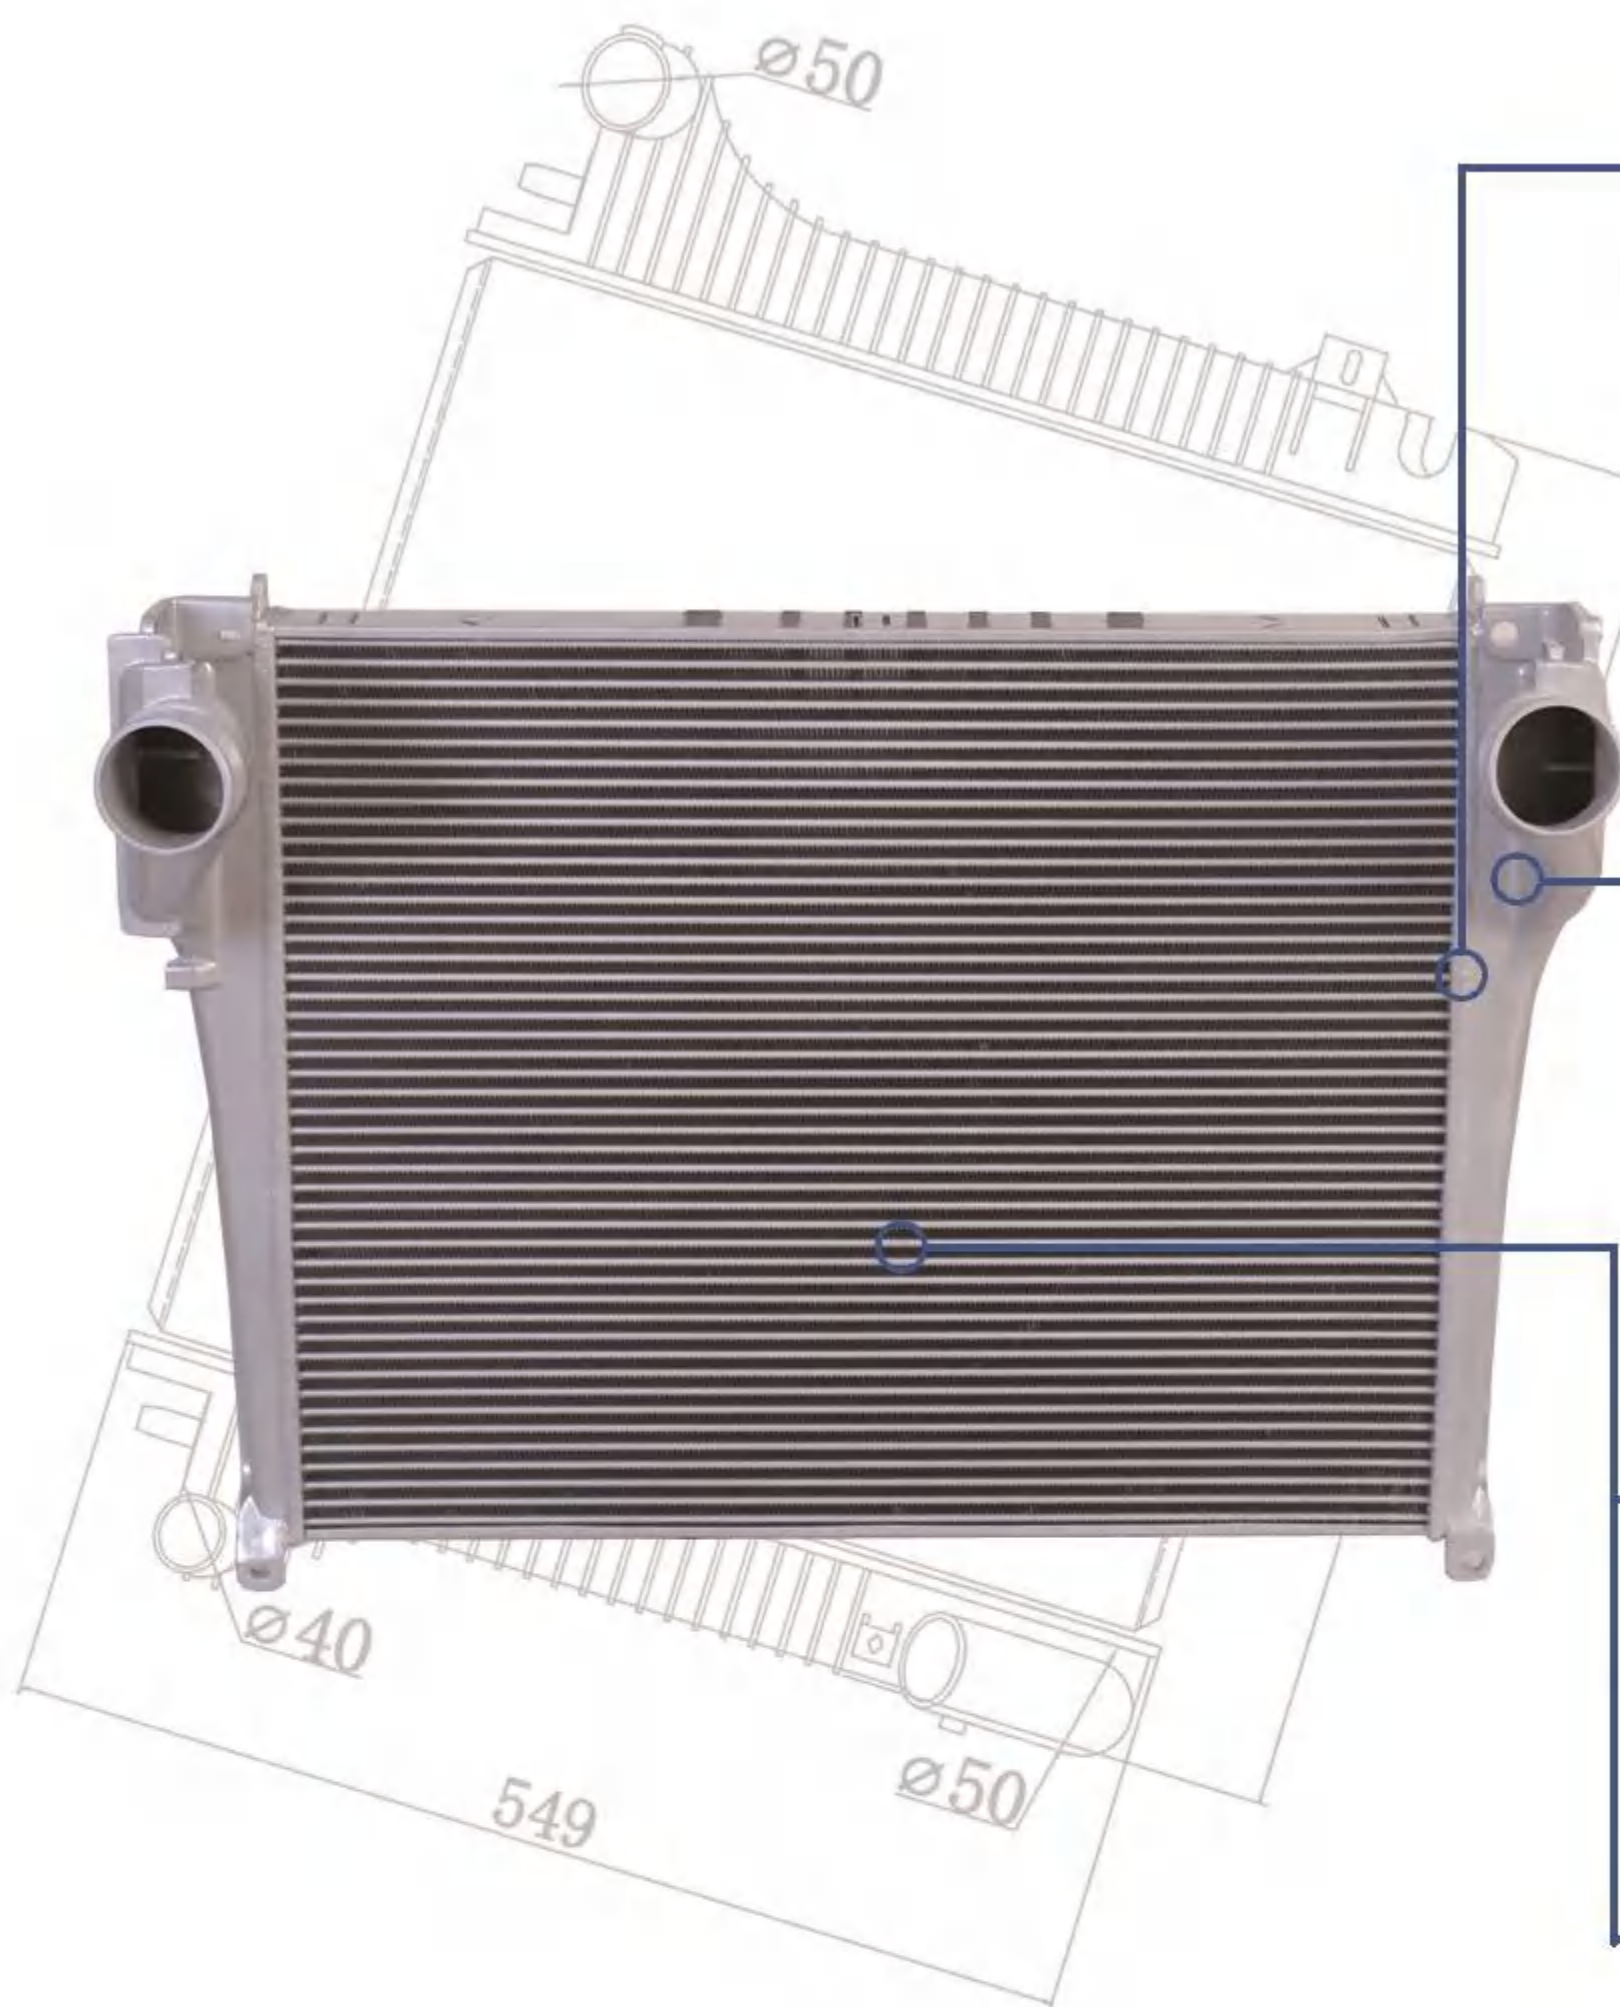

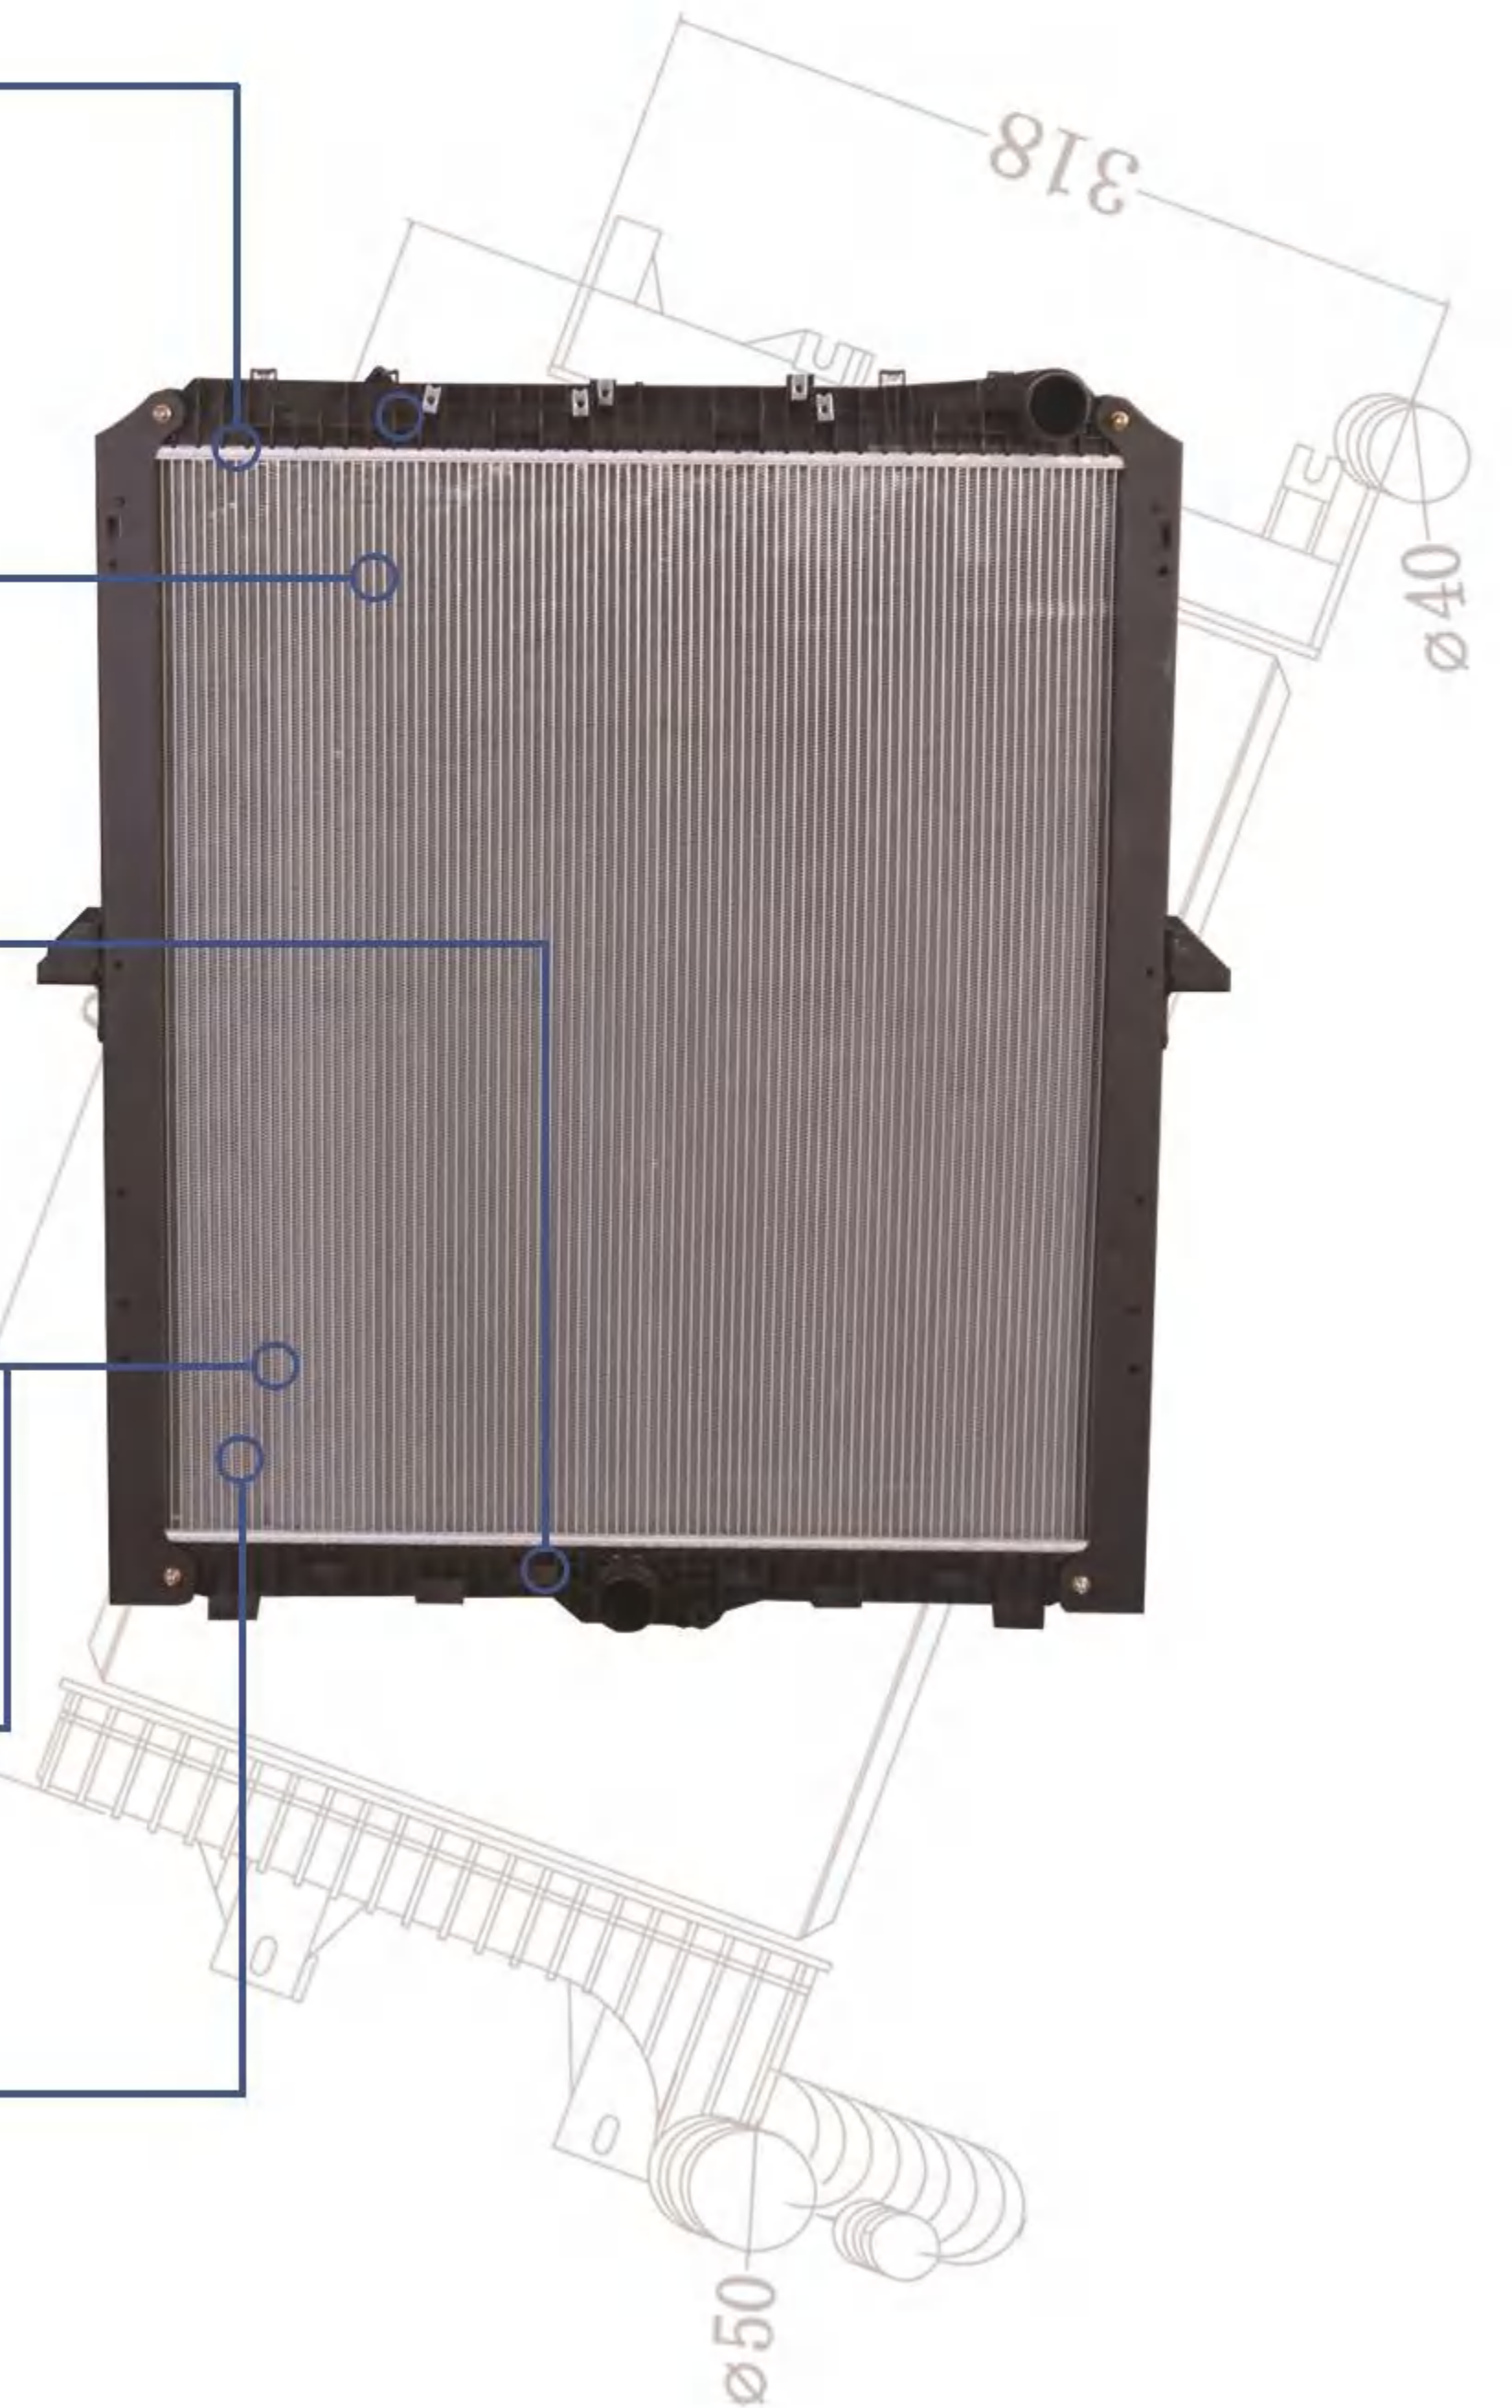

翅片边缘折叠，以增加稳定性并保持散热性能。

Double Header Plate Design – 双主片结构

Headers reinforced for 48mm and 56mm thickness core models for increased pressure and vibration resistance.

针对 48 毫米和 56 毫米厚度芯体的主片进行了加固，以提高抗压和抗震性。

Deep Extrusion Header – 外刺破式主片结构

Our deep extrusion header provides a stronger tube to header joint, increase the welding area between the header and the tube which is more resistant to the effects of vibration and thermal tube expansion.

我们使用外刺破式主片结构提供更坚固的管料焊接，增加主片与管子焊接面积，以抵御震动和热膨胀。

Metal Mold Casting Air Tank – 使用金属型铸造气室

We use metal mold casting technology instead of sand casting to improve the corrosion resistance and hardness of the air chamber, while the product appearance is more beautiful.

我们使用金属型铸造工艺代替砂型铸造，提升气室抗腐蚀性和硬度，同时产品外观更美观。

Internal Fin Structure – 内翅片结构

The aluminum tube uses an internal fin structure to improve heat dissipation performance and welding stability.

铝管使用内部翅片结构，提升散热性能和焊接稳定性。

Flat Tube Wall Thickness – 方管壁厚

Flat tube wall thickness is at least 0.4mm maximizing the ability to withstand added pressure.

方管壁厚至少为 0.4 毫米，可最大限度地承受额外压力。

All above manufacturing instructions are for specific models.

上述所有生产说明均针对特定型号。
